Carroll County Arts Council awards \$7,000 in College Scholarships

The Carroll County Arts Council recently awarded 7 high school seniors a \$1,000 college scholarship to pursue a college degree in the arts. The Tevis College Arts Scholarships are awarded in memory of one of this community's most passionate patrons of the arts, Dottie Tevis. Dottie understood the value of arts education and she was committed to nurturing artists for the future. The Arts Council is proud to honor Dottie's memory in a way that will help young artists achieve their educational goals.

The Council received a number of worthy applications this year, reflecting both the wonderful talent in our community's young people and the dedicated teachers who have nurtured and encouraged their creativity and talent. The recipients are selected by the Arts Council's scholarship committee.
