CCAC Board Names Interim Executive Director

Effective Wednesday, June 12, the leadership of the Carroll County Arts Council has changed. Lynne Griffith, who has served as the executive director for the past 2.5 years, is no longer with the organization. We thank her for her service and for the many diverse and interesting programs she brought to the Arts Center.

Stephen Strosnider, who has served as assistant director, has accepted the position of Interim Executive Director. Under Strosnider's leadership, we are confident that the excellent programming, exhibits and services you have come to expect from the Arts Council will continue.
